311-P32-006-A215	Ring Binder 304 St/St A4 Portrait 3 Ring

Regulations and Standards

This statement refers to the Detectamet's products manufactured in the following grades of stainless steel and intended for direct contact with food.

AISI Designation	European Standard Designation	
	Name	Number
304 (Austenitic)	X5CrNi18-10	1.4301
316 (Austenitic)	X5CrNiMo17-12-2	1.4401
403 (Ferritic)	X6Cr17	1.4016

Regulations and Standards

We confirm that the above mentioned products are suitable for use in contact with all food types under any condition of use and are in conformity with the applicable requirements of the following regulations and standards:

- Regulation (EC) no.1935/2004 on Materials and Articles intended to come into contact with food.
- Specific metal release limits of the Council of Europe (COE) Resolution CM/Res (2013) 9 on metals and alloys used in food contact materials.

Manufacture of these products is under quality control procedures meeting the requirements of Regulation (EC) no.2023/2006 on Good manufacturing Practice for materials and articles intended to come into contact with food.

No warranty is given or implied with respect to this information or patent infringement. Detectamet Ltd do not accept liability for loss or damage arising from the use of this information. Results are based on a test sample, our general experience and information from our suppliers. Data and results must be confirmed by the buyer by testing for its intended conditions of use.
